

Sight Night is coming!

This year at Halloween, I will be collecting more than candy. I would love my fellow community members, friends, and classmates to join me in the mission of collecting eye glasses for people in need. To learn more, please go to: <http://www.patchworkdesigns.net/SightNight.htm>

FAQS:

**What is Sight Night?* Sight Night is part of a national collection drive conducted annually by Give the Gift of Sight, a family of charitable vision care program sponsored by the LensCrafters Foundation in conjunction with Lions Clubs International and OneSight.

**What can I do to help?* Collect used prescription and non-prescription eyeglasses and sunglasses in all shapes, colors and sizes on trick-or-treat night (October 31st). I will collect them after you gather them up.

**What happens to them after?* The collected glasses are then repaired and classified by prescription. LensCrafters associates, doctors, and Lion Club members travel all over the world, performing eye exams and delivering these refurbished glasses to needy people across North America and in more than 24 developing countries.

**What if I don't have them on October 31st?* That's okay! Donate your glasses at your local glasses shop or eye doctor. They would love them. Glasses are always in great need.

Order your participatory patch and year bar through Patchwork Designs, Inc. at www.patchworkdesigns.net. We are the only one with rights!
